Greetings Everyone!

Hopefully, everyone is staying safe during the pandemic. It is a challenge for everyone, however, to stay safe and healthy, there are certain requirements that we must meet and do. In saying that, Wayne Prep encourages everyone daily to practice the requirements of the CDC and local health organizations. There is a spike in COVID-19 in Wayne County and unless we follow our strongbox toolkit, we could categorically be placed in an undesirable position. A representative from the NCDHHS provided some profound information concerning face masks. "Children five (5) years and above must wear a cloth face covering or other type of mask. The face shield is not a substitute for a mask." In other words, a face shield cannot be worn alone or in lieu of, for protection against COVID-19. If a scholar is unable to wear a mask, a note from a medical professional must be provided or the scholar will have to stay on the virtual schedule. We will remain diligent in what we do and follow all the rules that are in place. These are unprecedented times, and we must do exceptional things to stay ahead of this pandemic. Stay safe.

John Twitty  
Executive Director
